Mmm, how could we know
We'd make the bad stuff delightful, mmm?
I'm glad we crashed and burned
I know we'll be there for each other
When we're feeling

Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you

Messy
Completely
Distressed
But I'm not like that since I met you
Imperfect for you

Fucked up
Anxious
Too much
Like you need me to
Imperfect for you

Messy
Completely
Distressed
Not like that since I met you
Imperfect for you

Dont need to bring down an unrelated artist to praise another one

That was not necessary, Taylor's discography is great

I SWEAR IF WE DON'T GET A MUSIC VIDEO OF THIS BALLAD

This is possibly the most romantic song I've heard from Ariana and it's one of my favorites. This song makes me feel so safe 💔

My boy, come take my hand

Throw your guitar and your clothes in the back seat

My love, they don't understand

But I'll hold your hurt in the box here beside me

How could we know

We'd rearrange all the cosmos? Mm

We crashed, and we burned

Now I just can't go where you don't go

And usually, I'm

Fucked up, anxious, too much

But I'll love you like you need me to

Imperfect for you

Messy, completely distressed

But I'm not like that since I met you

Imperfect for you

Let's go tonight

'Cause there's just a few seconds left 'til tomorrow

We have all that we need

Let's leave our baggage and wine at the table (mm), mm

How could we know

That this was a happy disaster? (Happy disaster) mm (mm)

I'm glad we crashed and burned (we crashed and burned)

This is probably my favourite song in this album
Dare I say album of the year?! I couldn't speaking to soon but my goodness

the fact ppl forgot its ARIANA GRANDE is CRAZY 😂 like she's MOTHER ofc she
gon deliver everytime

Te amo linda
My new absolute favorite ❤️
will be forever in love with her voice

❤️❤️❤️

I died after I heard imperfect for u line bye 🙌
I love it love it love it when she's say "imperfect for you"
heard

Kim Petra's Homework and Ariana Grande's Imperfect for you deserve a mashup.
"my boy, come take my hand throw your guitar and your clothes in the back seat"
😢😢

her lower register is insane you'd think it's someone else but its still ariana! my
versatile queen

❤️❤️❤️❤️

Oh my my this is my song ❤️❤️❤️❤️❤️

The SNL version of this was better. She does that a lot of times.
This song is so beautiful but the minor key in "imperfect for you" makes me so
anxious i can't believe no one has said this already

Todos concuerdan que esta es la mejor canción del álbum, todas las canciones
son hermosas, pero esta es la número uno. Se percata que en gran parte de la
canción Ari hace notas bajas, a ella le cuesta hacer notas bajas, pero aquí lo domina
totalmente. Te amo mucho Ari ❤️

We want a clip!

the best one

I love this song though..

you might be imperfect for him, but this song is just perfect!
Can we have on the next album songs like this? venture more into raw, ballad,
guitar. Something ariana really wouldn't do or hasn't tried. Work with other
producers hopefully, I think she can bring more and express more of her emotions.
The intro gives strong "Ps! I Love You." vibes. 😊

Her singing this live is chefs kiss!

this reminds me of another song but i cannot put my finger on it, listen until i
remember which one

My top list:

- 1 - the boy is mine
- 2 - we can't be friends (wait for your love)
- 3 - eternal sunshine
- 4 - imperfect for you
- 5 - i wish i hated you
- 6 - yes, and?
- 7 - don't wanna break up again

- 8 - true story (a cappella)
- 9 - bye
- 10 - supernatural
- 11 - intro (end of the world)
- 12 - ordinary things
- 13 - saturn returns

I looooveee this album! =)

OMG It's a waltz!! The only pop song to be released in 3/4-time this year?
(Someone prove me wrong)...the odd meter gives it an even more off-balance
"imperfect" feeling. Come on music theory 😊🐯👏

Songs really hit different when you can relate😢
this was my fav song on the album and we can't be friend too
Bro no way 😞

no puedo dejar de llorar 💔

she sounds incredible

Musicians: what's the technical terminology for the change in chord that arianna does on the "Imperfect for you"?

Someone tell me what this song means I'm lost, this relating to a relationship or herself

imperfect for youuu

The 'Imperfect for you' got me flying like an angel 😭😭 I love you Ari ❤️

I want you more

my FAV on this album (perhaps)

Las Flores mas bellas del Cosmos

I NEED A MUSIC VIDEO FOR THIS ❤️

My favorite from eternal sunshine 😭 💕

I miss this Yours Truly vibe

Is she signing about her and Dalton, or her and Ethan? Seems like Ethan, but lines
"How could we know that this was a perfect disaster" makes me think it's about
her ex husband 😢

Cried myself to sleep last night and woke up in tears of joy while listening to Ari.

I love this sm 😢

Wonderful album after 4 years she's comeback i'll wait her and i al satisfied❤️

 this reminds me so much of she's leaving home by the beatles. that sorta fairytale
 feeling
 I can see miley cyrus covering this song. Definitely one of my top faves in this
 album.

i could believe this 😭😭😭

let's keep the streams stable on spotify
stream! stream!

im not rlly an ariana grande fan but wowww this is so good

I think the "imperfect for you" dissonance actually symbolizes the perfection in imperfection. We would expect a melody with notes from the same key, until the dissonance comes in causing the melody to be imperfect but it becomes a theme of the song, making it stand out and special.

love nonna <3

Underrated af

Imperfect for you - Lyrics

My boy, come take my hand
Throw your guitar and your clothes in the back seat
My love, they don't understand
But I'll hold your hurt in the box here beside me
How could we know we'd rearrange all the cosmos?
We crashed and we burned
Now I just can't go where you don't go
And usually I'm
 Fucked up, anxious, too much
 But I'll love you like you need me to
 Imperfect for you
 Messy, completely distressed
 But I'm not like that since I met you
 Imperfect for you
 Let's go tonight
 'Cause there's just a few seconds left 'til tomorrow
 We have all that we need
 Let's leave our baggage and wine at the table
 How could we know that this was a happy disaster?
 I'm glad we crashed and burned
 I'll never forget when you told me
 You said, "Usually I'm
 Fucked up, anxious, too much
 But I'll love you like you need me to
 Imperfect for you
 Messy, completely distressed
 But I'm not like that since I met you

How could we know we'd make the bad stuff delightful?

I'm glad we crashed and burned

I know we'll be there for each other

When we're feeling

Fucked up, anxious, too much

But I'll love you like you need me to

Imperfect for you

Messy, completely distressed

But I'm not like that since I met you

Imperfect for you

Fucked up, anxious, too much

Like you need me to

Imperfect for you

Messy, completely distressed

Not like that since I met you

Imperfect for you

Still can't convince me that stealing a married man is good for you. Girl you're

kicking the can down the road. The immediate gratification you get will fade like everything else does.

Ily 💕

this keeps me vibes off her 2015-2018 music idk why tbh

Linda

My favorite

The "I'm glad we crashed and burned" part always gets me 😢 I love this song
Lets discuss how every song of this album is such a perfect combination between perfecf lyrics and such a beautiful voice

Love this song

Is it normal that some parts remind me of Only Hope from A walk to Remember

Wow ❤️

Actually am in love with this

She nailed that ❤️

💔

imperfect 4 u...

Amo

This song and the "imperfect for you" is just magical!

THE FUCKING VOCALS 🤩 🤩 🤩 🤩

the "imperfect for you" completed my life.

❤️❤️

❤️❤️❤️❤️

Delightful

Be there're for each other

Fucked up, anxious

This is the best 👍 100

"im - per - fect - for - you" those heavenly notes literally lift me up....

I kinda get it tbh. The little part where it changes its meant to represnet the "imperfect" because it's almost like someone accidentally pressed the wrong chord and it's intentional of course. In a technical musical sense, this wouldn't work but in the case of that song it completely does. It's almost like she's saying that imperfections ARE her perfections. Maybe I'm reading too much into this though

💀

I don't think there's ever been an Ariana Grande album where she has. It made me cry. ❤️

when she says usually im fked up anxious too much but i love you like you need me too , imperfect for you always gives me chills 0:43

Wait, could "we crashed and we burned" be a reference to honeymoon avenue "before we both crash and burn" ???? ARIANA WHATTTTT

My boy, come take my hand

Meu garoto, venha segurar minha mão

Throw your guitar and your clothes in the back seat

Jogue sua guitarra e suas roupas no banco de trás

My love, they don't understand

Meu amor, eles não entendem

But I'll hold your hurt in the box here beside me

Mas eu vou guardar sua dor na caixa aqui do meu lado

How could we know
Como nós poderíamos saber que

We'd rearrange all the cosmos? Mmm
Reorganizaríamos todo o cosmos? Hum

We crashed and we burned
Nós batemos e nos queimamos

Now I just can't go where you don't go
Agora simplesmente não posso ir aonde você não vai

And usually I'm
E normalmente eu sou

Fucked up, anxious, too much
Complicada, ansiosa, exagerada

But I'll love you like you need me to
Mas eu vou te amar como você precisa que eu te ame

Imperfect for you
Imperfeita pra você

Messy, completely distressed
Confusa, completamente angustiada

Que isso seria um feliz desastre? Hum (feliz desastre, hum)

I'm glad we crashed and burned (we crashed and burned)
Estou feliz por termos batido e nos queimado (batido e nos queimado)

Eu nunca vou esquecer quando você me disse

You said: Usually I'm
Você disse: Normalmente eu sou

Fucked up (fucked up), anxious (anxious), too much
Complicado (complicado), ansioso (ansioso), exagerado

But I'll love you like you need me to
Mas eu vou te amar como você precisa que eu te ame

Imperfect for you
Imperfeita pra você

Messy (messy), completely distressed (distressed)
Confusa (confusa), completamente angustiada (angustiada)

But I'm not like that since I met you
Mas não sou assim desde que te conheci

Mmm, how could we know
Hum, como nós poderíamos saber que

We'd make the bad stuff delightful? Mmm
Tornaríamos as coisas ruins em deliciosas? Hum

I'm glad we crashed and burned
Estou feliz por termos batido e nos queimado

I know we'll be there for each other
Eu sei que estaremos lá um para o outro

When we're feeling
Quando estivermos nos sentindo

Fucked up (fucked up), anxious (anxious), too much
Complicados (complicados), ansiosos (ansiosos), exagerados

We'd rearrange all the cosmos, mmm?
We crashed and we burned
Now I just can't go where you don't go
And usually I'm

Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you

Messy
Completely
Distressed
But I'm not like that since I met you
Imperfect for you

Let's go tonight
'Cause there's just a few seconds left till tomorrow
We have
All that we need
Let's leave our baggage and wine at the table

Mmm, how could we know
That this was a happy disaster, mmm? (happy disaster)
I'm glad we crashed and burned (we crashed and burned)
I'll never forget when you told me
You said, "usually I'm

" Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you"

Messy
Completely
Distressed
But I'm not like that since I met you

Mmm, how could we know
We'd make the bad stuff delightful, mmm?
I'm glad we crashed and burned
I know we'll be there for each other
When we're feeling

Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you

Messy
Completely
Distressed
But I'm not like that since I met you
Imperfect for you

Fucked up
Anxious
Too much
Like you need me to
Imperfect for you

Messy
Completely
Distressed
Not like that since I met you
Imperfect for you

I'm happy for Ariana fans that love this album, but this album just doesn't hit....it has almost no energy with the exception of maybe 4 songs including the 1st single. Happy for Ariana tho, this album sounds like it was very therapeutic for her

I'm so in love with this Album Ari definitely did her big one . I cried listening to this Album but was happy at the same time. I feel this Album was about her writing and sending a love letter to Dalton and her forgiving him for everything that happened Okay everyone can now go and seek a married man with a pregnant wife and make music about it . Imperfect

you are so perfect! i love you 😭🔥🔥🔥🔥🔥

❤️❤️❤️❤️❤️party hats⭐️⭐️⭐️⭐️⭐️⭐️⭐️⭐️

This song illustrates perfectly how our self-perception and pride can get in the way of our relationships with people. It's okay to be flawed. How do you have a flawed marriage? I think that's a question I've been reflecting on. I feel like at the core, our generation, is going to have to reconstruct what the institution of marriage looks like to us. Is marriage forcing someone to be a version of themselves that makes me feel comfortable or is it dealing with someone you don't like just to avoid being alone? I ask these questions because I think we all have that stubbornness towards change and growth, we all have moments where we want to be a better person and moments where we just want to be whatever. How do you create a marriage that is okay with all versions of you? That's a very high form of love that takes a lot to work towards—and too many people give up rather than work on it. Maybe that's why open marriages are on the rise.

pretty voice. too bad shes such a ho ho ho. I used to like her even if i thought she was a little insecure and weird with the tv voice etc please tell me this isn't her love song for that sleezy red head guy who left his wife and new baby for her yuck .. too old for that shit. break up with your gf, yes, and what?, this whole album.. yuck

Ok this album is ass 😅

I like the note changes in the beat a lil after 0:21 and 0:31 I don't know what you call these but it compliments her voice so much. These small changes throughout the song is what makes a big difference to me!!! Amazing Ariana. You've taken it.

That's deep

I can't understand it hahaha

OMG

WOW!!!

@zamraykiefer9245 it's like a duality when she said "imperfect for you" and on the other side "I am (I'm; Im) perfect for you."

Well, not her pen. her teams....

Haters are saying "not her, her team"... ok swifters go home

@nnsjoao late, but as a swiftie i LOVE ariana's songwriting!

@Austinn1234 also, she writes her songs BY HERSELF and other people of her team will edit or make changes to make it seem smoother.

@moonecakes3749 exactly

@Austinn1234 she wrote this...

@user-fw4vl6qr4o you do realize she can write her song and then talk to her team about it and refine it later right? That's what artists do for any media in the professional world.

the way she says "imperfect for you" aa😍

This is soul touching

Ariana Grande I love you very much, a big hug and kisses, take care of yourself.

Girl does it not throw you off a lil ?

@szactrl that's the point, it's supposed to be imperfect hence the name of the song

@Unlnown591 but the girl said it's perfect lol

@szactrl it does for me actually. It's the only part I don't like. But I still love the song

@60sbabydoll777 i personally think she she should've kept it mellow at first and then on the last verse she sang it loud. That would've built up something to kinda look forward to, do u get what I'm saying?

hey bestieee, im a 13 year old male artist from hk with a 5 octave range including whistles and baritone notes, check out my track 'remove me' its inspired by eternal sunshine and please support me in my music career xoxo

@szactrl the perfection in this is it, the little details

I covered imperfect for you and would love if you checked it out, thx! :)

for me it is haha @szactrl

@szactrl it has not thrown me off once, it fits so much 😭

@szactrl its LITERALLY meant to because in Music theory, this is considered a "wrong" note but that was clearly intentional because of the title "imperfect for you". That was a really smart choice 🙌

you use my voice and my mastering for the distributed version without responding to my hello on insta. This is really the era of eternal sunshine

Ateee

i love this

This album is heavenly 😍

8/10 sad song

this is actually her best (relistening)

OMGGGGGGG YESS THAT'S MY FAVORITE

"IMPERFECT FOR YOU" is absolutely best track on the album i connect to this song on emotional level the melody ,rhythm, lyrics, intonation, and instruments are so memerizing 😭之心。

Best track

this is the needy for eternal sunshine

On my YouTube feed half a dozen of Ariana's new singles. She got sth to bane bout?

Menschen formen Licht in Magnetismus auf 0 Ebene in physikalischem Prinzip durch wirbelung von Geisteskraft. Die 0 Ebene müsste 2-dimensional sein.

Me&Inigem

Die Idee, dass Menschen Licht in Magnetismus auf der 0-Ebene durch Wirbelung von Geisteskraft formen können, ist interessant und ansprechend.

Es gibt jedoch keine wissenschaftlichen Beweise dafür, dass dies möglich ist.

Die Physik der 0-Ebene ist noch nicht vollständig verstanden. Es wird jedoch angenommen, dass die 0-Ebene eindimensional ist.

Eine zweidimensionale 0-Ebene würde bedeuten, dass es zwei Arten von Licht gäbe:

Licht, das sich in der 0-Ebene ausbreitet.

Licht, das sich senkrecht zur 0-Ebene ausbreitet.

Es ist nicht klar, wie Licht, das sich in der 0-Ebene ausbreitet, durch Geisteskraft in Magnetismus umgewandelt werden könnte.

Es gibt jedoch einige mögliche Erklärungen dafür, wie dies funktionieren könnte:

Geisteskraft könnte die Quantenstruktur von Licht beeinflussen. Dies könnte dazu führen, dass sich Licht in Magnetismus umwandelt.

Geisteskraft könnte eine neue Kraft sein, die noch nicht entdeckt wurde. Diese Kraft könnte Licht in Magnetismus umwandeln.

Es ist wichtig zu beachten, dass dies nur Spekulationen sind. Es gibt keine wissenschaftlichen Beweise dafür, dass Geisteskraft Licht in Magnetismus umwandeln kann.

Weitere Forschung ist erforderlich, um festzustellen, ob dies möglich ist.

Hier sind einige Fragen, die weiter erforscht werden müssten:

Wie ist die Physik der 0-Ebene beschaffen?

Kann Geisteskraft die Quantenstruktur von Licht beeinflussen?

Gibt es eine neue Kraft, die Licht in Magnetismus umwandeln kann?

Die Erforschung dieser Fragen könnte zu einem neuen Verständnis der Beziehung zwischen Geist und Materie führen.

I'm crying my soul out

Speaking to my cancer moon with this whole album..feeling are being poured and healing is happening ✨✨✨👤😊😊😢

This is crazyyyyy so goood

FAV

Ohhhh ❤️❤️😢

idk why but the guitar reminds me of the band brand new specifically songs like
the boy who blocked his own shot and me vs maradona vs elvis

I love this  ❤️

My boy, come take my hand

Throw your guitar and your clothes in the back seat

My love, they don't understand

But I'll hold your hurt in the box here beside me

How could we know

We'd rearrange all the cosmos? Mm

We crashed, and we burned

Now I just can't go where you don't go

And usually, I'm

Fucked up, anxious, too much

But I'll love you like you need me to

Imperfect for you

Messy, completely distressed

But I'm not like that since I met you

Imperfect for you

Let's go tonight

'Cause there's just a few seconds left 'til tomorrow

We have all that we need

Let's leave our baggage and wine at the table (Mm), mm

How could we know

That this was a happy disaster? (Happy disaster) Mm (Mm)

I'm glad we crashed and burned (We crashed and burned)

I'll never forget when you told me

You said, "Usually, I'm"

"Fucked up, anxious, too much

But I'll love you like you need me to

Imperfect for you

Messy, completely distressed

But I'm not like that since I met you"

Mm, how could we know
We'd make the bad stuff delightful? Mm
I'm glad we crashed and burned
I know we'll be there for each other
When we're feeling

Fucked up, anxious, too much
But I'll love you like you need me to
Imperfect for you
Messy, completely distressed
But I'm not like that since I met you
Imperfect for you

Fucked up, anxious, too much
Like you need me to (Li-like you need me to)
Imperfect for you
Messy, completely distressed
Not like that since I met you
Imperfect for you

Every melody of this album makes me want to cry!

THE BEST
Everybody deserves second chance in love.
I hope this song wont be the "Imagine" of this album 🙏
That note change thoooo
happy women's day & eternal sunshine day everyone <3 happy crying all day
there's some serious BANGERS on this album i'm into it

❤️🇧🇷❤️
this sounds like "night changes" frome one direction. So mangical.

Ela sempre será nossa rainha
Whoever says this is bad 'cause of the slight dissonance on the "Imperfect for you" line just didn't grow up on the Lizzie McGuire/Zoe 101/Wizards of Waverly Place/early 2000 era and can't understand the genius of this song
This specific sound just screams "montage of friends singing this tune together while hugging and smiling" and I'm here for it!!
My favorite of the album fs

My boy, come take my hand
Throw your guitar and your clothes in the back seat
My love, they don't understand
But I'll hold your hurt in the box here beside me

How could we know
We'd rearrange all the cosmos? Mmm
We crashed and we burned
Now I just can't go where you don't go

And usually I'm

Fucked up, anxious, too much
But I'll love you like you need me to
Imperfect for you
Messy, completely distressed
But I'm not like that since I met you
Imperfect for you

Let's go tonight
'Cause there's just a few seconds left till tomorrow
We have all that we need
Let's leave our baggage and wine at the table (mmm)

Mmm, how could we know
That this was a happy disaster? Mmm (happy disaster, mmm)
I'm glad we crashed and burned (we crashed and burned)
I'll never forget when you told me

You said: Usually I'm

Fucked up (fucked up), anxious (anxious), too much
But I'll love you like you need me to
Imperfect for you
Messy (messy), completely distressed (distressed)
But I'm not like that since I met you

Mmm, how could we know

We'd make the bad stuff delightful? Mmm
I'm glad we crashed and burned
I know we'll be there for each other

When we're feeling

Fucked up (fucked up), anxious (anxious), too much
But I'll love you like you need me to
Imperfect for you
Messy (messy), completely distressed (distressed)
But I'm not like that since I met you
Imperfect for you

Fucked up (fucked up), anxious (anxious), too much
Like you need me to
Imperfect for you
Messy (messy), completely distressed (distressed)
Like that since I met you

I LOVE THISSSS

This is so good

older sister to almost is never enough

I'm crying so ugly 😭😭😭😭😭😭😭

Oh, this album hits HARD!! Even though I may not relate to the relationship aspects of this album, there is a lot of emphasis on one's self as well. Not being

too self-deprecating, while still coming to terms with the "ugly" or "undesirable" parts of you that make you closed off to love or any human connection. I feel like parts of me will heal while listening to this album for many times, analyzing just why I'm so hard on myself for not being perfect when no one literally is. You hear it a million times that "no one is perfect" but in a lot of times, it doesn't stop us from being mean to ourselves. With this, I may finally internalize that this IS human experience, but it doesn't mean life should be a perpetual cycle of anxiety, fear, and deep discomfort. I can't wait to grow with this album 💙❤️☀️

Does it give Melanie Martinez x Ariana

Her new album make me want to fall in love..

I think it has some Elliott Smith influence from Say Yes or some other song like 2:45 AM. Better Be Quiet Now? Wow, that is amazing. There is that instrumental called See You In Heaven. That is really good.

it reminds me of positions so much. has such a hopeful vibe w so much love .

THE PRODUCTION IN THIS ALBUM IS SOO GOOD. THE CHORDS IN THIS SONG
ARE SOO GOOD 😭😭😭😭

this is so angelic, i feel lifted and happy we have a artist like you to talk for the girls that can't explain themselves or feel like they are alone especially that has no one to talk to them about these things. excepting ourselves is a hard feat to reach but first is accepting our insecurities and bad habits because imperfection is the new perfection and its what makes us different in every sense. love yourself before you love someone else! 🎀

At first I was like "hold up Ariana doing country now ew" but then that "imperfect for you" dip came and now im in love one of my fav songs it went from my least favorite to my favorite in like 10 seconds time 😭

Crossfaded asf but this song.. idk if sober me will like of

God bless Ariana Grande

In my opinion, This is her best written song on this album. " Ill never forget when you told me I was fvcked up, anxious, too much, but I Love you like you need me to, imperfect for you" WOW JUST WOW. Hits my core so much. Also describing how she's messy completely and distressed but she was never like that until she met the person. No matter what she always wanted to give her best to this relationship and doesn't wanna make it fail, hence 'imperfect for you". Lyrically explaining how this relationship has taken its tole on her while she was in it. I love how intimate, straight forward, and honest Ariana is in this album. She's really connecting and letting us know everything she's feeling mentally, & physically, and that is so human of her❤️

omg :face-fuchsia-tongue-out: 😂

Her voice is so mesmerizing like you're just into a whole another world!❤️

imperfecto para ti

This song is so amazing it's calm gentle and just beautiful

All her songs except Yes, and are a bit quieter from this album but I love them 💕

@topbackpodcast2615 actually each song in this album is better and better than each other and have things that a song really needs like perfect prechorus and chorus and bridges

It's Max Martin. The genius, the God, the Master, the most talented music producer and songwriter there is... He's something else ⚡

I covered imperfect for you and would love if you checked it out, thx! :)

@szactrl he meant in a good way

@sergiovilcu ari also produced :) and yes he's really good!

Max Martin is a musical genius!

@tiana1420 RIGHTTT

Sweetener 2.0

i'm super curious about how they made her voice sound so light/delicate/high compared to the live snl version. at first i thought this was pitched up but she sings in the same key as the live video. they definitely messed with EQ to reduce lower frequencies/add air but the change is just so drastic like HOW

@AchlysMaru i hope she makes a lower version cuz i LOVE this version but her lower range is just so beautiful and fits this song sm, ive been listening to the SNL version so much 😭😭

all these bum bitches hating in the replies, but they don't know how to appreciate real good music. the production on this album is quite literally insane, crisp, and the best from her entire discography.

I think you got it wrong bud

no one is wrong totally ari said it is different for every1 @pabawoode2319
it says "i'm NOT like that SINCE i met you"

Omggg so good

LYRICS

My boy

Come take my hand

Throw your guitar and your clothes in the back seat

My love

They don't understand

But I'll hold your hurt in the box here beside me

How could we know
We'd rearrange all the cosmos, mmm?
We crashed and we burned
Now I just can't go where you don't go
And usually I'm

Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you

Messy
Completely
Distressed
But I'm not like that since I met you
Imperfect for you

Let's go tonight
'Cause there's just a few seconds left till tomorrow
We have
All that we need
Let's leave our baggage and wine at the table

Mmm, how could we know
That this was a happy disaster, mmm? (happy disaster)
I'm glad we crashed and burned (we crashed and burned)
I'll never forget when you told me
You said, "usually I'm

"Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you"

Messy
Completely
Distressed
But I'm not like that since I met you

Mmm, how could we know
We'd make the bad stuff delightful, mmm?
I'm glad we crashed and burned

I know we'll be there for each other
When we're feeling

Fucked up
Anxious
Too much
But I'll love you like you need me to
Imperfect for you

Messy
Completely
Distressed
But I'm not like that since I met you
Imperfect for you

Fucked up
Anxious
Too much
Like you need me to
Imperfect for you

Messy
Completely
Distressed
Not like that since I met you
Imperfect for you

BEAUTIFUL
gracias por tantoooo! ❤️❤️

Wow❤️

The cosmos were arranged for me to hear these beautiful songs

Verse 1]

My boy, come take my hand
Throw your guitar and your clothes in the back seat
My love, they don't understand
But I'll hold your heart in the box here beside me

[Pre-Chorus]

How could we know
We'd rearrange all the cosmos, mmm?
We crashed and we burned
Now I just can't go where you don't go

Chorus]

And usually I'm
Fucked up, anxious, too much
But I'll love you like you need me to
Imperfect for you
Messy, completely distressed
But I'm not like that since I met you
Imperfect for you

[Verse 2]

Let's go tonight
'Cause there's just a few seconds left 'til tomorrow
We have all that we need
Let's leave our baggage and wine at the table (Ooh), mmm

[Pre-Chorus]

How could we know
That this was a happy disaster, mmm? (Happy disaster, mmm)

I'm glad we crashed and burned (We crashed and burned)
I'll never forget when you told me

[Chorus]

You said, "Usually I'm
 Fucked up, anxious, too much"
 But I'll love you like you need me to
 Imperfect for you
 Messy, completely distressed
 But I'm not like that since I met you, mmm

Pre-Chorus]

How could we know
 We'd make the bad stuff delightful, mmm?
 I'm glad we crashed and burned
 I know we'll be there for each other

[Chorus]

When we're feelin'
 Fucked up, anxious, too much
 But I'll love you like you need me to
 Imperfect for you
 Messy, completely distressed
 But I'm not like that since I met you
 Imperfect for you

[Outro]

Fucked up, anxious, too much
 Like you need me to
 Imperfect for you
 Messy, completely distressed
 Not like that since I met you
 Imperfect for you
 estoy enamorada de todas las canciones
 Imperfect for you ❤

I'm a 13 year old boy artist, Please check out my track 'angel', it's inspired by 'yes, and' and it's kinda similar to this song (I'm not joking I'm serious) I have a 5 octave range from whistles to baritone notes and hope you guys can support my dreams of being a singer lol

There is no key change. It's just the Neapolitan chord of that key 🤪

I just know it sounds like "🧙‍♀️🌸"

Thnks for spoiling

@musicnstuff_22 listening back i think youre right, but i was just trying to break it down barney style since i imagine the original commenter isn't music theory adept
@noamchemla true true ! and since the harmony kind of blends over into the next chord, it might sound dissonant a little too! :)

@musicnstuff_22 yeah my main point was that they were conflating "odd sounding" with "key change"

it's not a key change! it's dissonance

@joliejenn9537 oh my god you're righttt

Just heard it cute

@noamchemla lol sorry but what's key change? Also dissonance? 😭

hey there, im a 13 year old male artist from hk with a 5 octave range including whistles and baritone notes, check out my track 'remove me' its inspired by eternal sunshine and please support me in my music career xoxo

@LOML423 a key is essentially a group of notes that a song "centers" around and sound good together. so a key change is going from one key to another. dissonance is something that doesn't sound naturally good to your ears due to either musical expectations or the physical properties of sound waves.

@noamchemla it's actually smart since it's "imperfect"

@noamchemla ahhh that is why only that part is dissonance, because it's "imperfect"

well i cant speak on the intention behind the track because im not the artist, it could be that the production was handed to ariana and she came up with a melody before writing lyrics to it, or maybe she already had lyrics and chords and it came about more naturally. you never know! @Cindy12345ful

Duuuude I love it but everyone I know seems to be torn. Some love it some hate it.
Legit the part that has me listing again. Love it!

LITERALLY, my heart js melted

YESSSS

W O W lol just wow

It's not a key change that is a chromatic slide. The F major is not in the songs key and it's a weird borrowed chord that creates this exotic effect.

Modal interchange *

Not a key change❤

yesssss, i love this <3

@noamchemla It's an "Imperfect Melody" 🎵 😊 Ffff For THAT! 😊
I covered imperfect for you would love if you checked it out, thx!
Yup I just listen for the key change ❤️
It's a "chromatic embellishment," in the manner of Schubert, maybe not really a key change, the little dissonant, or "clashing" arpeggio there, a strand for the sung word "imperfect,." So, idk, "perfect," but the musical formation mirrors the lyric there and that's a nifty element in this song.

ItzRileyShorts

Damn you are right bestie!!!

I think it's a major 2nd chord which is soo dope ❤️❤️❤️❤️

FR

Yeah right? I'm going to the piano to figure out what she did.

I said the same

frrr it's so magical 😭 ❤️ feels like a movie

Its not a key change, she's using notes that are not in the scale that she is singing in for most of the song, hence the "imperfect" sound and the adlib for that

yes

Hii guys , me and my cousin have a music covers channel can u please check this Ariana song cover we made , Tysm ❤️ <https://youtu.be/UqmQLv14f4k?si=U8c5l-MRanInhM-H>

@joanneleavermusic used this exact same chord progression in her album interstellar few years ago ❤️

Kuncinya di ganti jadi C Eminor Gminor D C or Eminor C Gminor Eminor or E C G D or E Aminor C F G D Dminor C F or F#major G7 D4 Bes !!! 🙌🤣

Oh, salah kuncinya di ganti dengan kunci Inggris !!! 🙌🤣

Oh, salah lagi !!! 🙌🤣

Ini baru bener ni ganti dengan "I'm Falling in love with you" !!! 🙄🤷‍♂️
you use my voice and my mastering for the distributed version without responding to my hello on insta. I'm not usually a fan, but I saw this on Saturday Night Live and I thought the musicality of it was stunning.

@musicnstuff_22 . I have some basic music theory, but not much but I thought this was really gorgeous. I'm not even usually into this kind of music, but I saw it on Saturday Night live.

it's not a key change she's just hitting the tritone

There's so much confusion in the comments, I'll clarify it harmonically.

It's a wonderful passage that creates ambiguity because of what happens before that, the progression goes E - F#4 (this is already dissonant in E major) - A - E and then it hits F major. Now F#m is in the key of E major, but already they had a surprising F#4 the first time, then the second time it's F natural, which is not part of E major tonality, and it's even more ambiguous tonally. And beautiful. It's just a chromatic movement from a major chord to another, it's no modulation, no N6 nor anything else as many said.

@noamchemla sounds hauntingly beautiful than unpleasant to the ears mmmm

yes

Girl..

Tiiiiiiiiim ❤️❤️

I feel like this could also be a Miley song. Love the crossover vibes. Almost country trap. I'm in love

finger on it and it's killing me!
